MEMORANDUM FOR SEE DISTRIBUTION

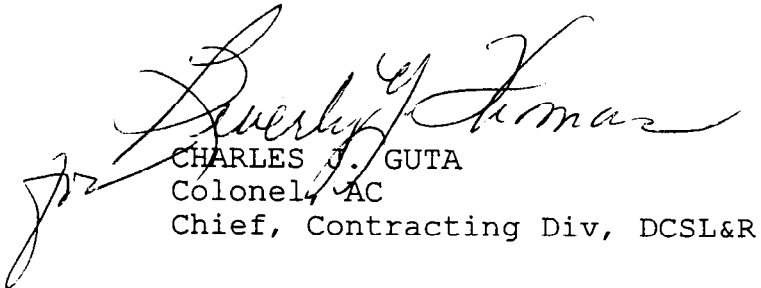

SUBJECT: Contracting Information Letter (CIL) 98-25, FORSCOM's  
Use of Product Manager, Small Computer Program Standard Contracts

1. The US Army Communications Electronics Command (CECOM) manages several standard contracts for the acquisition of information technology (IT). These contracts provide business systems software, desktop computers, and solutions to Year 2000 issues. FORSCOM is very active in using these contracts whenever it is a good business judgement, price is right and the fee for using these contracts is reasonable. From 1 Oct 96 through 31 Jan 98, FORSCOM Directorates of Contracting spent \$55,907,696 for IT with \$11,705,937 or 21 percent of the dollars spent on CECOM IT contracts.

2. Some of the more frequently used IT contracts were:

DAAB07-97-D-V003 (Sysorex)	DAAB07-97-D-V004 (GTSI)
DAKF11-95-D-0001 (Delta Corp)	F34608-94-D-0011 (ULANA II)
N68929-95-D-0018 (EDS)	

3. For additional information, please contact Irene E. Hamm  
hammi@forscom.army.mil or 404/464-5632.

  
CHARLES J. GUTA  
Colonel, AC  
Chief, Contracting Div, DCSL&R
